

DSF LITERACY AND CLINICAL SERVICES

Free Information Evenings

Information evenings are held on the first Wednesday of every month (except January) from 7.00pm – 8.30pm in the hall of DSF's building at 10 Broome Street, South Perth (off Douglas Avenue). For further details please phone DSF on 9217 2500, or visit our website – www.dsf.net.au.

Consultations

Appointments for consultations can be arranged with one of our psychologists to discuss concerns related to: difficulties with learning; self-esteem; education; career prospects; or, associated issues. Telephone consultations can also be arranged.

Assessments

Full psycho-educational assessments and functional literacy assessments are conducted by registered psychologists specialising in specific learning disabilities. Assessments are available by appointment. They provide a comprehensive analysis of the person's learning strengths and difficulties as well as recommended strategies for both remediation and appropriate support.

Tutors

DSF maintains a register of qualified specialist teachers who provide individual tutoring for children and adults. Members of the Foundation are provided with names and contact details of tutors on request.

Professional Learning

Professional Learning courses and workshops are conducted throughout the year for teachers, parents and other professionals. Workshops are either held at the Foundation or can be structured to meet the needs of a specific school. These can then be run as a whole-school Professional Learning session, on-site, at the school.

Library

DSF offers a wide range of specialist resources in our on-site library and continues to add high quality books, games and programs to the current collection. The library is open every weekday with the library co-ordinator in attendance Monday, Wednesday and Friday.

Bookshop

DSF stocks a wide range of highly recommended teaching resources for purchase. These include: decodable reading books; language cards; alphabet & phonic packs; student activity books; spelling programs; computer programs; text books; and, remedial programs.
