# Clever Kids

Building resilience and self-esteem in Year 3/4 students with dyslexia

*Clever Kids* is a program designed to help students develop positive coping strategies in relation to their learning difficulty. Participation in the group also allows students to share their experiences with others, feel validated, acknowledged and supported.

**Facilitators: Katrina Farrant and Jennifer Hay**

*Katrina and Jennifer are Psychologists at DSF Literacy and Clinical Services. They assess children, teenagers and adults struggling with the acquisition of effective literacy skills and recommend appropriate classroom-based and individual strategies. They also run small-group sessions for children struggling with the impact of having a learning difficulty. Katrina and Jennifer are passionate about empowering young people with learning difficulties to find their own solutions and develop positive coping strategies.*

**When:** Monday 7th, Tuesday 8th<sup>th</sup> and Wednesday 9<sup>th</sup> October, 2019 (school holidays)  
**Time:** 9.30am to 12.00pm  
**Cost:** \$300 (BYO morning tea)
